1. **HEALTH RULES AND REGULATIONS FOR SHEEP** – No animal showing signs of infectious, contagious, or external parasitic disease will be allowed into the Pennsylvania Farm Show Complex & Expo Center. However, exhibitors observing an animal that may present a health hazard to other animals are asked to report the stall location to the show committee. The official show veterinarian, in consultation with Show Management, shall be responsible for determining the health status of all animals. Animals showing evidence of infectious, contagious, or external parasitic diseases shall be removed by their owner from the show grounds at the direction of Show Management.
  - (a). **Certificate of Veterinary Inspection:** All sheep to be exhibited must be accompanied by a Certificate of Veterinary Inspection signed and dated by an accredited veterinarian with an inspection date within the 30 days prior to the date of arrival at the show. All sheep must be individually identified on the CVI. All animals must be free of evidence of infectious and contagious diseases and a statement of this should be written on the CVI.
2. **Vesicular Stomatitis (VS) Statement:** This applies to states that experienced a VS outbreak in the last 12 months. In these cases an accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement signed by the accredited veterinarian: "All animals identified on this CVI have been examined and found to be free from VS. During the past 90 days, these animals were not located within 10 miles of a site where VS has been diagnosed."
3. **Sheep Identification Requirements:** Individual official USDA scrapie animal identification is required. Official scrapie ID includes: A USDA ear tag with a US shield; or a legible tattoo with herd and individual identification recognized in an approved USDA Scrapie database a.k.a. a scrapie tattoo (only for flocks enrolled in the USDA Voluntary Scrapie Flock Certification Program); or a breed registration tattoo if the animals are accompanied by a registration certificate (copy acceptable) and the tattoo is legible.
4. A current rabies vaccination administered by a licensed veterinarian is recommended for animals 3 months of age and older not consigned for market classes and immediate slaughter. This vaccination is recommended within 12 months of the start of the exhibition. All vaccine label directions must be followed, and all rabies vaccinated sheep must be accompanied by a rabies vaccination certificate and the vaccination information must be included on the CVI. The rabies vaccination certificate must contain legible name and contact information of the veterinarian who administered the vaccine and the veterinarian's signature, the date of vaccination, the product and serial number used, the ID numbers of the animals vaccinated, their breed, sex and age. Market sheep going directly to slaughter are exempt from this vaccination recommendation. However, if market sheep are vaccinated, the recommended vaccine slaughter label withhold shall be abided by. **NOTE: RABIES VACCINATION WILL BE REQUIRED FOR THE 2022 KILE SHOW.**
