Junior Breeding Sheep

Junior Breeding Sheep Showmanship

I grew up in Lebanon County Pennsylvania and now reside in Gettysburg, Pa with my wife Jen and our son Hudson. We run around 40 head of Hampshire, Southdown and crossbred ewes. Our goal has always been to offer sheep that excel both in the show ring and in the breeding shed. Showing and raising livestock runs deep in my family's roots, as our son Hudson is a 5th generation breeder. We have been blessed to have success at the highest level and love teaching and mentoring young people with that same passion for the livestock industry.
